By WalkMe

Enter the maintenance Plan Description, Plan Category, Plan Type and Plan ID.

The screenshot shows a software interface for managing maintenance plans. A modal dialog titled "Create Maintenance Plan" is open, prompting the user to enter the following information:

- Plan Description:** A text input field with a placeholder "Plan Description".
- Long Text:** A larger text input field with a placeholder "Long Text".
- Plan Category:** A dropdown menu currently showing "Maintenance Order (PM)".
- Plan Type:** A dropdown menu currently showing "Single Cycle (Time-Based)".
- Plan ID:** A text input field with a placeholder "Plan ID".

At the bottom of the dialog are "Create" and "Cancel" buttons. In the background, a dark blue tooltip with the text "Enter the maintenance Plan Description, Plan Category, Plan Type and Plan ID." and a "Next" button is visible. The background interface includes a search bar, filter tabs (Scheduled (0), Created (0), Deactivated (0), Marked For Deletion (0)), and a table header for "Maintenance Plans" with a "Standard" filter and a "Plan Type" column.

Enter the appropriate maintenance Strategy ID and click Create.

The screenshot displays the WalkMe maintenance plan creation interface. A modal form is open in the center, containing the following fields and options:

- Plan Description:** A text area with a red asterisk indicating it is required.
- Long Text:** A text area with the placeholder text "Long Text".
- Plan Category:** A dropdown menu with "Maintenance Order (PM)" selected.
- Plan Type:** A dropdown menu with "Strategy" selected.
- Time/Counter:** Radio buttons for "Time" (selected) and "Counter".
- Strategy:** A text input field containing the value "TEST".
- Buttons:** "Create" and "Cancel" buttons at the bottom right of the modal.

In the background, the main interface shows a search bar, a filter dropdown set to "All", and a table of maintenance plans. A callout box in the bottom left corner contains the text:

Enter the appropriate maintenance **Strategy** ID and click **Create**.

Enter YA02 (Proactive Maintenance) as Order Type.

The screenshot displays a software interface for creating a maintenance item. A modal form is open, allowing users to input details for a new item. The modal includes the following fields:

- Long Text:** A text input field with the placeholder "Long Text".
- Plan Category:** A dropdown menu set to "Maintenance Order".
- Order Type:** A dropdown menu with "Order Type" selected. A blue callout box points to this field with the instruction: "Enter YA02 (Proactive Maintenance) as Order Type." and a "Next" button.
- Reference Object:** A dropdown menu set to "Reference Object Type".
- Maintenance Strategy:** A dropdown menu set to "-".
- Task List:** A text input field with the placeholder "Task List".

At the bottom of the modal are "Create" and "Cancel" buttons. The background interface shows the "Maintenance Item" tab with various settings like Cycle Length and Scheduling Parameters.

Select the relevant Reference Object from the dropdown list.

The screenshot displays the WalkMe maintenance item creation interface. A modal form is open, allowing users to configure a new maintenance item. The form includes fields for Long Text, Plan Category, Order Type, Reference Object, Maintenance Strategy, and Task List. A callout box highlights the 'Reference Object' dropdown, instructing users to select the relevant reference object from the list. The background shows the 'Maintenance Items (1)' section with a 'Standard' filter and a 'Cycle' tab selected. The 'Schedule' section shows a scheduling duration of 2 months and a start date of 31.10.2025. The bottom of the interface features a 'Draft updated' status and buttons for 'Save' and 'Discard Draft'.

Enter Functional Location ID.

The screenshot displays a software interface with a modal window for creating a new item. The modal is titled 'Create' and contains the following fields:

- Item Description:** A text input field.
- Long Text:** A text input field.
- Plan Category:** A dropdown menu with 'Maintenance Order (PM)' selected.
- Order Type:** A dropdown menu with 'YA02' selected.
- Reference Object:** A dropdown menu with 'Functional Location' selected. A dark blue tooltip with the text 'Enter Functional Location ID.' and a 'Next' button is pointing to this field.
- Maintenance Strategy:** A text input field with 'Strategy' entered.
- Task List:** A text input field with 'Task List' entered.

At the bottom of the modal are 'Create' and 'Cancel' buttons. The background interface shows a search bar, filters, and a table with columns 'Item' and 'Plan'.

Enter Equipment number.

The screenshot displays a software interface for managing maintenance items. A modal dialog is open in the center, allowing the user to create a new item. The modal contains the following fields:

- Item Description:** A text input field.
- Long Text:** A text input field.
- Plan Category:** A dropdown menu with the selected value "Maintenance Order (PM)".
- Order Type:** A dropdown menu with the selected value "YA02".
- Reference Object:** A dropdown menu with the selected value "Equipment", followed by a text input field labeled "Reference Object".
- Maintenance Strategy:** A text input field with the value "Strategy".
- Task List:** A text input field with the value "Task List".

At the bottom of the modal are "Create" and "Cancel" buttons. To the right of the modal, a dark blue tooltip with a close button (X) contains the text "Enter Equipment number." and a "Next" button. The background interface shows a search bar, filters for "Editing Status" and "Assembly", and a table with columns "Item" and "Plan".

Enter Assembly material number.

The screenshot displays a software interface for managing maintenance items. A modal dialog is open for creating a new item, with the following fields and options:

- Item Description:** A text input field.
- Long Text:** A text input field.
- Plan Category:** A dropdown menu with the selected option "Maintenance Order (PM)".
- Order Type:** A dropdown menu with the selected option "YA02".
- Reference Object:** A dropdown menu with the selected option "Equipment" and a "Reference Object" input field.
- Maintenance Strategy:** A text input field with the value "Strategy".
- Task List:** A text input field with the value "Task List".

At the bottom of the modal are "Create" and "Cancel" buttons. A dark blue tooltip with the text "Enter Assembly material number." and a "Next" button is overlaid on the right side of the modal. The background interface shows a search bar, filters, and a table of maintenance items.

Enter the Task List ID for the maintenance item (if available), then click Create.

The screenshot shows the 'Maintenance Item' creation interface in the WalkMe system. A modal dialog is open, prompting the user to enter a Task List ID. The background form is partially visible and dimmed.

You have created a Maintenance Plan.

Plan Category SmartTip

The screenshot shows the 'Create Maintenance Plan' dialog box in the WalkMe interface. The dialog box has the following fields:

- Plan Description: * (Text input field)
- Long Text: (Text input field)
- Plan Category: * (Dropdown menu with an information icon)
- Plan Type: * (Dropdown menu)
- Plan ID: (Text input field)

A SmartTip callout box is displayed over the 'Plan Category' field, containing the text: "Plan Category should always be Maintenance Order (PM) when creating a maintenance plan."

The background interface includes a search bar, filter tabs (Scheduled (0), Created (0), Deactivated (0), Marked For Deletion (0), All Plans (0)), and a table with columns: Remaining Period, Remaining Cou..., and Created By. The table is currently empty.

Plan Type SmartTip

The screenshot shows the 'Create Maintenance Plan' dialog box in the WalkMe interface. The dialog box has the following fields:

- Plan Description:*
- Long Text:
- Plan Type:*
- Plan ID:

A SmartTip is displayed over the 'Plan Type' field, stating: "Select **Strategy** for multiple maintenance intervals/packages, or **Single Cycle** for one fixed recurring interval."

The background shows the 'Maintenance Plans' section with a table header:

Maintenance Plan	Plan Type
------------------	-----------

At the top of the dialog box, there are filter tabs: Scheduled (0), Created (0), Deactivated (0), Marked For Deletion (0), and All Plans (0). The 'Create' button is highlighted in blue.
